

75 KW HYDRAULIC POWER UNIT

DESCRIPTION

HPU-250-02,04,06,08 Electric HPU's are designed to provide power to a range of hydraulically controlled equipment, such as Linear winche

The HPU is fitted with a closed loop piston pump, and an inline hydraulic oil cooler, which requires an external water supply.

OUTLINE SPECIFICATION

Fuel Tank Capacity:	800 liter
Motor Power:	75 kw/ 380V/50Hz
System Rated Pressure:	28 MPa
System Rated Flow	250 liter/ min
Overall Dimensions:	228x128x203 cm
Gross Weight:	4 Tons
